FOR IMMEDIATE RELEASE

Country Club Drive Closure

Kerrville, Texas (February 27, 2013) – The Scott Schreiner Municipal Golf Course Pavilion and Parking Lot will be undergoing much anticipated improvements beginning next week. Due to these improvements, Country Club Drive from Country Club Plaza continuing southeast on Country Club Drive to Golf Avenue (FM 1341) will be closed 24 hours per day beginning March 4, 2013. Golf Avenue will remain open with alternative parking to minimize impact to golfers. The alternative parking will enter through the Golf Course Maintenance entrance off of Golf Avenue with parking adjacent to the south side of the 9th fairway.

The proposed parking lot improvements will include the construction of an approximately 93 space (roughly 30 more spaces) asphalt parking lot for the existing Schreiner Golf Course facility, onsite cart path to improve circulation, as well as the realignment of an approximately 300 linear feet section of Country Club Drive. This will allow for increased functionality for the parking lot as it addresses grading, enhanced isolation of the parking lot from road traffic and efficient traffic navigation.

The 40' X 40' open air pavilion will be a great asset to the Golf Course in that it allows for the utilization for tournaments, cart staging, meetings, daily use and special events. The pavilion will be located near the south side of the Pro-Shop.

Project construction will be completed by JM Lowe and Company and completion is anticipated by the end of May 2013. The Country Club Drive closure is in place to ensure the safety of the public and the City of Kerrville apologizes for any inconvenience this may cause.

For additional information contact Ashlea Boyle, Special Projects Coordinator at 830.258.1153 or visit the city's website at www.kerrvilletx.gov.
