### **Lego Club to meet Wednesday at the library**

**Kerrville, Texas (March 1, 2022)** –The Butt-Holdsworth Memorial Library is excited to announce that the Lego Club will meet this Wednesday, March 2, at 4 p.m. in the library meeting room.

All ages are welcome to participate and registration is not required. Parents and guardians are encouraged to bring their cameras, as the Lego creations will remain at the library.

## **Legos at the Library**

What's the connection between Legos and books? Promoting play contributes to early literacy development by increasing attention span, memory, creativity, and language and vocabulary skills. It also lays the foundation for logical mathematical thinking, scientific reasoning, and problem solving — things children will carry with them throughout their school years, according to “Play = Learning,” a recent study by

Dorothy Singer, a senior research scientist at Yale University's Department of Psychology and Child Study Center.

For more information, contact the library reference desk at (830) 258-1274.
