Construction on new water line installation to begin Monday

Kerrville, Texas (April 21, 2023) – Construction on a new water line installation will begin Monday, April 24, from the Washington Street intersection thru Water Street and finish at Tivy Street. Northbound lanes closest to Notre Dame Catholic Church will be reduced during construction, but a two-way street will still be available. Driveways belonging to the Notre Dame church and school will be notified ahead of time as to when their driveways will be shut down for a small amount of time.

During construction, water lines will need to be shut off due to tie-ins and service connections. Advance notifications of the temporary shut offs will be made.

The City of Kerrville apologizes in advance for any inconvenience caused by this project. Please feel free to contact M&C Fonseca Construction Project Manager Sammy Aguilar at (830) 220-0529 with any questions or concerns.
