SUMMARY STATEMENT:

Great Outdoors Month was established in 1998 by the President of the United States, originally as Great Outdoors Week. Over the years, it has grown into a month-long celebration of America's public lands and waters at the national, state, and local levels. Every June, Americans across the country are encouraged to go outdoors during Great Outdoors Month for responsible, healthy outdoor recreation.

The Kerrville Parks and Recreation Department celebrates year-round with the goal of encouraging the community to Get Outdoors, Be Active, and Play. Kerrville is blessed with outstanding outdoor recreation and leisure opportunities for our citizens and visitors to enjoy while participating in safe and healthy fun with their family and friends.

Outdoor activity promotes a healthy body, mind, and spirit and is touted by health organizations and medical professionals as a remedy to the adverse effects caused by lack of physical activity and too much screen time.

Parks and Recreation agencies encourage physical activity by providing spaces such as sports fields, hike / bike trails, lakes and rivers, swimming pools, and many other outdoor areas designed to promote active lifestyles encouraging citizens and visitors to get outdoors and live a healthy lifestyle.

RECOMMENDED ACTION:

Present proclamation.

SUMMARY STATEMENT:

The 12th annual Kerrville Triathlon Festival, produced by High Five Events of Austin, Texas, will be held September 23-24, 2023. The event will again consist of a sprint, quarter, and half ironman distance triathlon. The swimming portion of the triathlon will be in the Guadalupe River on Nimitz Lake, with the start and finish at the northern end of Guadalupe Street. This will require the use of watercraft equipped with internal combustion engines for course preparation (placement of buoys) as well as monitoring and potential rescue of distressed swimmers.

Chapter 118 Article II Water Impoundment of the Kerrville Code of Ordinances Section 118-34 (4) allows the operation of watercraft equipped with an internal combustion engine when it is engaged in an activity that has been authorized by a resolution of the city council. Staff recommends adopting the attached resolution providing authorization for this purpose as presented.

RECOMMENDED ACTION:

Adopt Resolution No. 18-2023.

CITY OF KERRVILLE, TEXAS
RESOLUTION NO. 18-2023

A RESOLUTION AUTHORIZING THE USE OF INTERNAL COMBUSTION ENGINES ON NIMITZ LAKE UPSTREAM OF THE CITY'S IMPOUNDMENT DAM FOR THE KERRVILLE TRIATHLON AND THE SAFETY OF COMPETITORS

WHEREAS, Chapter 118 of the City Code of Ordinances (the "Code") regulates and prohibits certain activities on Nimitz Lake, the lake upstream of the City's impoundment dam (the "Lake"); and

WHEREAS, one of the prohibited activities is the operation of internal combustion engines on the Lake; and

WHEREAS, under the Code, City Council may authorize an exception to this prohibition by adopting a resolution authorizing an activity that requires the use of an internal combustion engine on the Lake; and

WHEREAS, the organizer of a triathlon to be held in Kerrville and who would like to use the Lake for the swimming portion of its competition, is seeking an exception to the prohibition against combustible engines so that the organizer may use boats with combustion engines to ensure the safety of competitors; and

WHEREAS, pursuant to this request and to promote and expand the recreational uses of the Lake, City Council hereby finds that a public purpose exists to authorize the use of internal combustion engines on the Lake;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF KERRVILLE, KERR COUNTY, TEXAS:

SECTION ONE. City Council authorizes the use of internal combustion engines on the Lake, such authority subject to the following terms:

- a. the authority is granted to High Five Events, LLC, of Austin Texas, their agents, or representatives and no other person or group;
- b. the authority is valid from September 15, 2023, through September 25, 2023; and
- c. authority is limited to no greater than five (5) boats with such engines.

SECTION TWO. This Resolution and the authority granted hereby shall automatically expire and be revoked on September 30, 2023.

PASSED AND APPROVED ON this the _____ day of _____, A.D., 2023.

Kerrville 2050 Item? Yes

Key Priority Area F - Public Facilities and Services

Guiding Principle N/A

Action Item F1.2 - Enhance the use of technology for work order tracking, inspections, etc.

SUMMARY STATEMENT:

The Information Technology (IT) Department is requesting to renew our Microsoft Enterprise Agreement for an additional three years. The cost for year one is \$110,279.48 and has been budgeted in FY23.

In addition to the licensing for the server / client infrastructure, we are adding a Office 365 subscription to the agreement. The City of Kerrville recognizes the need for an efficient and modern communication and productivity platform to enhance collaboration and streamline operations within our operations. The COVID-19 pandemic highlighted the importance of having tools and systems in place for an agency to be nimble and scalable. Office 365, with its cloud-based infrastructure and collaborative features, proved instrumental in enabling organizations to quickly adapt to remote work environments. Implementing Office 365 ensures that the City is prepared to handle future disruptions and allows employees to work efficiently from any location.

The implementation of Office 365, a cloud-based suite of productivity tools developed by Microsoft, offers numerous benefits that align with the City's goals of improving efficiency, data security, and communication. Some key benefits are:

- Seamless Virtual Meetings and Collaboration: Office 365's integrated tools like Microsoft Teams facilitate virtual meetings, video conferencing, and screen sharing.

These capabilities became critical during the pandemic when in-person meetings were limited. By leveraging Office 365, the City can continue to conduct virtual meetings, collaborate on projects, and engage with stakeholders effectively, regardless of physical distance.

- Document Version Control and Centralized Storage: With Office 365's cloud storage, such as OneDrive and SharePoint, we can eliminate the challenges of managing multiple versions of documents. Employees can collaborate on a single document in real-time, reducing errors and ensuring everyone has access to the latest version. This central storage also provides secure and reliable access to important files, even during disruptive events.
- Enhanced Communication and Information Sharing: The pandemic underscored the need for effective communication and information sharing among City departments, employees, and the public. Office 365 offers communication tools like Outlook, Teams, and SharePoint, enabling seamless communication and information dissemination. By implementing Office 365, the City can improve communication channels, streamline workflows, and enhance transparency.
- Disaster Recovery and Business Continuity: The pandemic served as a reminder of the importance of disaster recovery and business continuity planning. Office 365's cloud infrastructure ensures data redundancy and backups, minimizing the risk of data loss and facilitating a smooth recovery process. The City can leverage Office 365's robust backup and disaster recovery capabilities to protect critical information and ensure uninterrupted services.
- Improved IT Support and Accessibility: Office 365's cloud-based nature simplifies IT support, as updates and maintenance are handled by Microsoft. This frees up IT staff to focus on strategic initiatives and support users more effectively.
- Streamlined Administrative Processes: Office 365 offers automation and workflow capabilities, allowing the City to streamline administrative processes such as approvals, document routing, and task management. These efficiencies gained through Office 365 can enhance productivity, reduce paperwork, and improve overall operational effectiveness.

In addition, we would be able to eliminate the need to use multiple software to collaborate and instead maximize the utilization of the tools provided under the Office 365 umbrella. The cost savings from cancelling the other software will help offset the cost for Office 365. Overall, the agreement will provide licensing for all desktops, laptops, servers and users within the City of Kerrville. These are all things that are necessary for the City to be operable and be able to provide services to our community.

The Microsoft Enterprise Agreement will be purchased from SHI, under a cooperative contract of the Texas Department of Information Resources (DIR).

This is a renewal for every three-years. The last renewal was in year 2020. We do not expect any major changes to the contract language from the contract executed in 2017 and year 2020. Due to an email address error, we were delayed in starting the renewal process. Our subscription with Microsoft will end on June 16, 2023 if services are not renewed. Currently, Microsoft is finalizing the contract (on their end). The year 2020 contract is available in the City Secretary Office.

RECOMMENDED ACTION:

Authorize City Manager to finalize and execute a contract to renew the City's Microsoft licenses in an amount not to exceed \$110,279.48 for the first year. The cost for year one has been included in the IT Department budget for FY23. Future annual costs will be budgeted accordingly.

Kerrville 2050 Item? Yes

Key Priority Area D - Downtown Revitalization

Guiding Principle N/A

Action Item D2.7 - Consider funding a Downtown heritage center

SUMMARY STATEMENT:

City staff, the HHHC Executive Director, and Freese & Nichols representative (Owner's Rep) met with Marksmen General Contractors on May 15, 2023. Marksmen presented three options for moving forward with the renovation of the A.C. Schreiner House. Staff met with representatives from the HHHC Board to discuss the options available on May 19, 2023.

Option A - Full Use "Assembly" Building (includes elevator & assumes 2nd & 3rd floor framing can support occupancy loads required) = \$5,330,000

Option B - Exterior Restoration + 1st Floor Renovation (no elevator) + Fire Protection = \$3,550,000

Option C - Exterior Restoration + Grounds Improvements (no interior work) = \$3,250,000

With Option A or B, additional funds will need to be raised. The HHHC Board believes that Option A is the only path forward because the Heritage Center will require full use and access to all three floors of the house.

We would like to continue moving forward with the 30% design phase to include a structural evaluation that will need to be completed to determine the maximum weight load for the 2nd and 3rd floors.

Staff is seeking direction from the City Council regarding our path forward.

RECOMMENDED ACTION:

Direct the City Manager to contractually proceed with the 30% design phase and the structural assessment of the A.C. Schreiner House.

Action Item N/A

SUMMARY STATEMENT:

A City Council meeting is a business meeting. In order to maintain focus of City business, the Mayor has requested to review the placement of the Visitor/Citizen forum on the meeting agenda. This item provides opportunities for Council to discuss productive options for City Council meetings, and the location of the Public Comment forum to conduct a more productive and cohesive City Council business meeting.

The City Council welcomes citizen participation and comments at all City Council meetings on listed agenda items.

The Open Meetings Act does not mandate a governmental body hold a Visitor/Citizen forum during an open meeting, however the Act does entitle public comment on items listed on an open meeting agenda.

The Open Meetings Act Handbook by the State of Texas Attorney General's Office, *VIII. Open Meetings. C. Rights of the Public* states "many governmental bodies conduct "public comment," "public forum" or "open mike" sessions at which members of the public may address comments on any subject to the governmental body. Accordingly, the governmental body must give notice of a public comment session.

Section 551.007 entitles the public to speak about items on the agenda at meetings of certain governmental bodies and provides that a governmental body to which the section applies "shall allow each member of the public who desires to address the body regarding an item on an agenda . . . to address the body regarding the item at the meeting before or

during the body's consideration of the item. The new section expressly authorizes a governmental body to adopt reasonable rules regarding the public's right to address the body, "including rules that limit the total amount of time that a member of the public may address the body on a given item". The Act does not entitle the public to choose the items to be placed on the agenda for discussion at the meeting.

City of Kerrville Charter Section 3.01. *Compliance with Open Meetings Act* provides that Council meetings shall be open to the public and the rules of the Council shall provide citizens of the City to have a reasonable opportunity to be heard in regard to any matter considered, and Council shall comply fully with the provisions of the Texas Open Meeting Act.

The public always has an opportunity to provide general and community concerns, comments, and ideas to City Council by email and/or telephone, not only during a City Council meeting.

Possible elements for Council discussion:

- Order of the item in the Agenda
- Duration of speaker time
- Deadline for speaker sign up
- Total number of speakers or maximum time allowed

Research of Citizen Forums during Council meetings of surrounding Cities:

- *City of Bandera* - Citizen forum placed at beginning of agenda, Citizen forum item not to exceed 30 minutes total time - 3 minutes per speaker but will shorten if many speakers present
- *City of Boerne* - Citizen forum placed at beginning of agenda, 3 minutes per speaker
- *City of Bulverde* - Citizen forum placed after City business at end of agenda, 3 minutes per speaker
- *City of Dripping Springs* - Citizen forum placed at beginning of agenda, 2 minutes per speaker
- *City of Fredericksburg* - No Citizen forum during City Council meetings, however citizens are allowed to speak on any item listed on the meeting agenda, and email or call Council regarding concerns or suggestions on general matters
- *City of Helotes* - Citizen forum placed at beginning of agenda, 3 minutes per speaker
- *City of Ingram* - Citizen forum placed at beginning of agenda, 3 minutes per speaker
- *City of Johnson City* - Citizen forum placed at beginning of agenda, 3 minutes per speaker
- *City of Llano* - Citizen forum placed at beginning of agenda, 3 minutes per speaker
- *City of Marble Falls* - Citizen forum placed at beginning of agenda, Mayor decides speaker time

RECOMMENDED ACTION:

Direct staff on any desired amendments to the protocols for the Visitor/Citizen forum section of the Agenda.

Kerrville 2050 Item? No

Key Priority Area N/A
Guiding Principle N/A
Action Item N/A

SUMMARY STATEMENT:

Councilmember Brenda Hughes requested this item be placed on the agenda for discussion. Section 61.003 of the Texas Election Code sets forth that the entity which owns or controls a public building being used as a polling place may not, at any time during the voting period, prohibit electioneering on the building's premises outside of the area, but may enact reasonable regulations concerning the time, place, and manner of electioneering.

The State of Texas, City Charter, and Kerr County electioneering rules have been reviewed. Listed below are the current City Ordinance No. 2014-02, *Article III Electioneering at Polling Locations, Sec. 70-43 Regulations and Exceptions*: (See Chapter 70, Article III attached.)

1. It is unlawful for a person to leave an electioneering sign or literature at a polling place other than during the voting period and for thirty minutes before and after the voting period.
2. It is unlawful for a person to engage in electioneering on driveways at a polling place. This restriction does not apply to areas specifically designated for such activities or to electioneering signs that are attached to vehicles that are lawfully parked at the polling place.
3. It is unlawful to attach, place, or otherwise affix an electioneering sign, literature, or material to any building, tree, shrub, pole, or other improvement at the polling place.
4. It is unlawful for a person to place an electioneering sign that is larger than eighteen (18) inches by twenty-four (24) inches within ten (10) feet of the public roadway adjacent to the polling place.
5. It is unlawful for a person to place an electioneering sign at a polling place that exceeds

thirty-six (36) square feet, exceeds eight (8) feet in height, (including any supporting poles), and which uses lights or any moving elements.

6. In addition to imposing a criminal penalty, the City Manager or designee may, without notice, remove and dispose of electioneering sign(s) located in violation of this section.

7. The authority to conduct electioneering on public property under this Article is limited to the polling place and only for the voting period, such that at the end of the voting period, all signs and vehicles must be removed.

Councilmember Hughes would like to propose the following regulations:

SIGNS:

1. No one may post political signs or literature on City of Kerrville owned or controlled property that is being used as a polling place at any time other than during the voting period of a particular election, as defined in Section 61.003(b)(2) of the Texas Election Code, and for 30 minutes before and after the voting period ends. This includes laying signs out on the property.
2. No more than ten (10) signs per candidate may be placed, held, or erected on the controlled property being used as a polling place. This includes all signs i.e. banners, ground signs, hand-held signs, magnetic signs, billboard-type signs, posters, etc.
3. No signs may be erected or placed in a public walkway, sidewalk, or thoroughfare.
4. Signs must not prohibit visibility of traffic or obstruct the view of traffic.
5. No signs can be placed any closer than 100 feet from the polling location.
6. No signs will remain on the polling location property overnight.
7. No more than four (4) signs per candidate may be carried on the controlled property being used as a polling place. Person(s) carrying signs must not impede the progress of voters, and avoid walkways and thoroughfares, and must not prohibit visibility of traffic or obstruct the view of traffic.
8. No one may post a political sign using posts that may damage subterranean water and electrical lines. For purposes of these regulations, the term "posts" shall include, but not be limited to wooden stakes, rebar, PVC posts, metal posts. Heavy gauged wire is generally used for political yard signs and is allowed.
9. No one may post a political sign on any permanent structure, including buildings, fences, gates, and trees.
10. No one may post electioneering sign(s) at a polling place that exceeds thirty-six (36) square feet, exceeds eight (8) feet in height - from the ground to the top of the sign (including any supporting poles), nor uses lights or any moving elements on controlled property being used as a polling place.
11. No one may post a sign that is larger than 18 inches by 24 inches within ten feet of the public roadway adjacent to the polling place.
12. Any political sign in violation of these regulations may be removed by City Staff and placed in temporary storage. The sign owner will be contacted and will arrange a time during normal working hours to pick up the sign(s). If the owner of the political sign fails to pick up the removed sign(s) within five (5) business days, the City will dispose of the sign(s).
13. These regulations will be in effect from the date of approval.

SOUND AMPLIFICATION DEVICE OR SOUND TRUCK:

Section 61.004 of the Texas Election Code sets forth the prohibition of using a sound amplification device to electioneer within 1,000 feet of the early voting or election day polling

place: Electioneering for or against any candidate, measure, or political party (and for the purpose of this Subsection, a person operates a vehicular loudspeaker if the person drives the vehicle, or uses the loudspeaker, or operates any sound equipment in connection with the loudspeaker).

An offense under this section is a Class C misdemeanor.

No one may disturb the peace nor play music, speak over a p.a. system, loud speakers, bull horns, or any other amplification device, within 1,000 feet of the polling location on early voting days or election day.

CAMPAINING:

- A candidate can have one tent, set up in the east-end Jefferson Street parking lot - along the fence line of the Cailloux property and St. Peters property.
- A candidate/representative should arrive at the polling location grounds no more than thirty minutes before polls open, and should depart the polling location by thirty minutes after polls close.
- A candidate/representative must adhere to the 100 foot rule and not cross within 100 feet of the polling location in order to campaign.
- Candidates/representatives may not accost, harass, or intimidate any citizens traveling to and from the polling locations.
- A candidate/representative must not block the sidewalk, the parking lot, or impede a person's progress.
- Citizens do have the right to file harassment and press charges.

RECOMMENDED ACTION:

Direct staff on any desired amendment to Electioneering policies.

ARTICLE III. ELECTIONEERING AT POLLING LOCATIONS

Sec. 70-41. Purpose.

The purpose of this article is to provide reasonable regulations for electioneering on city-owned or controlled public property when such property is used as an election polling place. These regulations are intended to mitigate safety concerns, prevent damage to public property, and ensure that such property is sufficiently available for patrons who use the facilities other than for election purposes.

(Ord. No. 2014-02, § 3, 2-25-2014)

Sec. 70-42. Definitions.

The following words, terms, and phrases, when used in this article, have the meanings ascribed to them in this section:

Electioneering means the posting, use, or distribution of political signs or literature, including the use of tents, chairs, booths, tables, or other furniture or devices to post, use, or distribute political signs or literature.

Polling place means a city-owned or controlled public property that is being used as an election polling place.

Voting period means the period each day beginning the hour the polls are open for voting and ending when the polls close or the last voter has voted, whichever is later.

(Ord. No. 2014-02, § 3, 2-25-2014)

Sec. 70-43. Regulations and exceptions.

(a) The following regulations apply to electioneering at a polling place during the voting period:

- (1) It is unlawful for a person to leave an electioneering sign or literature at a polling place other than during the voting period and for 30 minutes before and after the voting period.
- (2) It is unlawful for a person to engage in electioneering on driveways at a polling place. This restriction does not apply to areas specifically designated for such activities or to electioneering signs that are attached to vehicles that are lawfully parked at the polling place.
- (3) It is unlawful for a person to attach, place, or otherwise affix an electioneering sign, literature, or material to any building, tree, shrub, pole, or other improvement at the polling place.
- (4) It is unlawful for a person to place an electioneering sign that is larger than 18 inches by 24 inches within ten feet of the public roadway adjacent to the polling place.
- (5) It is unlawful for a person to place an electioneering sign at a polling place that exceeds 36 square feet, exceeds eight feet in height, including any supporting poles, and which uses lights or any moving elements.
- (6) In addition to imposing a criminal penalty, the city manager or designee may, without notice, remove and dispose of electioneering sign(s) located in violation of this section.

- (7) The authority to conduct electioneering on public property under this article is limited to the polling place and only for the voting period, such that at the end of the voting period, all signs and vehicles must be removed.
- (b) The regulations set forth in subsection (a) above do not apply to any city authorized signs, materials, or other messages on property the city owns or controls.
