Library introduces new opt-in feature for enhanced parental account management

Kerrville, Texas (Aug. 2, 2023) – The Butt-Holdsworth Memorial Library is excited to announce an enhancement to its account management with the introduction of a new opt-in feature that empowers parents to have better control over the items checked out on their kids' library accounts. Working in collaboration with our integrated library system provider, Apollo Biblionix, this innovative feature allows parents

to actively view and manage items on their minor's account directly from their own account, eliminating the need to toggle between multiple accounts.

Designed with consideration for parental needs, the new opt-in feature offers a seamless solution for guardians of children under the age of 18. By opting in, parents gain full visibility into the materials currently checked out on their children's accounts. This includes books and DVDs.

To take advantage of this opt-in feature, parents and guardians are encouraged to reach out to our circulation desk at (830) 258-1275.
