City to begin road repairs at multiple locations this week

Kerrville, Texas (Sept. 19, 2023) – The City of Kerrville and contractor Bennett Paving Inc., will be repairing asphalt roads at multiple locations throughout the city starting Wednesday Sept.

20, 2023. The improvements to the streets include asphalt mill, overlay, and crack seal repairs. The contractor will be handing out notices 48 hours in advance of the anticipated construction to the effected streets. Each road

should begin and finish over the course of the day, and construction will take place Monday through Friday, 7 a.m. to 6 p.m.

A few locations will require a full road closure; however, an alternate route will be provided. The expected road closures are for East Lane on Sept. 20 and a section of Clay Street between Water and Junction Highway on Sept. 25. At the remaining locations, the roadways

will be open to local residents, but access to properties will be limited and delays should be expected.

During construction, street parking will be prohibited, and any vehicles that remain on the street will be towed at the owner's expense.

The City of Kerrville apologizes in advance for any inconvenience this road maintenance may cause.
