SUMMARY STATEMENT:

As part of ongoing efforts to create long-term plans for repair, maintenance and replacement of City assets, the fiscal year 2023 budget allocated funds for a Facility Condition Assessment in order to provide the City comprehensive data regarding City-owned buildings. The City contracted with Matrix Design Group, Inc. to conduct a thorough assessment of most City facilities using onsite, GIS, and other data to determine long-term needs. Matrix inspected building foundations, exterior facade and masonry, roofs, HVAC systems, flooring, exterior and interior finishes, doors and windows, parking lots, termite and pest, electrical, plumbing, etc. The report produced by Matrix identifies short and long-term facility maintenance needs as well as proposed preventative maintenance.
