### **Library to host Great Decisions group, Tech Talk on Tuesday**

**Kerrville, Texas (Nov. 1, 2024)** – The Butt-Holdsworth Memorial Library will be hosting its next **Great Decisions** discussion on Tuesday, Nov. 5 at 12 p.m. in the library's conference room.

Participants will view a short educational film and library staff will facilitate a group discussion on this month's featured topic, "High Seas Treaty".

Topical readings are also available for checkout at the library's circulation desk.

Great Decisions is America's largest discussion program on world affairs through the Foreign Policy Association. Originally launched in Portland, Oregon in 1954, the discussion

program is based on the "Avon" model of face-to-face active and informal conversation. Eight topics are selected by a panel of experts for Great Decisions groups to address each year.

Later in the day, library staff will host an after-hours **Tech Talk** program at 5:30 p.m. in the library meeting room. We are excited to present a series of engaging talks and live demonstrations with Hysun Chung, a cybersecurity engineer at Amazon with a background in software development and a passion for teaching. During this month's talk and demo with Chung, you will be introduced to new information involving AI. Learn how to harness this exciting new technology to enhance your life. This is a continuation of the AI talk held in July.

Both programs are free and open to the public. Registration is not required.

For more information, please contact the library's reference desk at (830) 258-1274 or visit the city's website at [www.kerrvilletx.gov](http://www.kerrvilletx.gov).
