Library to host Gardening 101 Saturday, Nature Book Club Wednesday

Kerrville, Texas (Jan. 10, 2025) – Come join the Butt-Holdsworth Memorial Library on Saturday, Jan. 11 at 10:30 a.m. for “Gardening 101: Gardening with Worms”. For centuries, gardeners, farmers and scientists have recognized that earthworms are valuable to the development and health of our soil, but the earthworm does so much more. In this presentation by Master Gardener Patty Zohlen, learn how the earthworm

works and the benefits of that work. Zohlen will discuss how to grow and use earthworms to improve the soil in your gardens. Handouts will be provided.

On Wednesday, Jan. 15 starting at 12 noon, library staff will host the NPSOT Nature Book Club. This month’s book club will discuss “Entangled Life” by Merlin Sheldrake. Copies will be available to check out at the library’s circulation desk.

Both events will take place in the library’s first-floor meeting room and are free and open to the public. For more information, please contact the library reference desk at (830) 258-1274.
