FOR IMMEDIATE RELEASE

Streets Program Update

Phase 1

Kerrville, Texas (March 20, 2013) – The City of Kerrville Street Division will begin Phase 1 of the 2013 Summer Street Maintenance Program of the following streets during the month of April: Leslie St. from SH 16 to Morrow, Legion Dr. from Meadowview to Meeker, Roy St. from SH 16 to Thurman, Hilltop Dr. from SH 16 to Village and all of Village Dr.

This work will begin Monday, April 1, 2013 and will be completed during the hours of 7:00 a.m. - 7:00 p.m. Monday through Friday. Phase 1 is scheduled to be completed near the end of April. No road closures are anticipated; however, alternate lane closures will occur during this period and traffic through these areas should anticipate lower speeds with the possibility of delay through the work zone. Access for residents, postal service and emergency services will be possible at all times with only minor delays.

Door hangers will be distributed to those directly affected by these projects with detailed information as we approach each street. The schedule for the remaining streets in the 2013 program will be released in the near future. This will be the fourth summer paving season for the City of Kerrville Street Division providing rehabilitation of city streets and

saving approximately \$1,000,000 per year of valuable tax dollars whereas these repairs would not be possible otherwise.

For additional information contact Ashlea Boyle, Special Projects Coordinator at 830.258.1153 or visit the city's website at www.kerrvilletx.gov.
