FOR IMMEDIATE RELEASE

2014 Street Maintenance Program
Phase 1

Kerrville (April 11, 2014) - The City of Kerrville Street Division will begin Phase 1 of the 2014 Summer Street Maintenance Program by crack sealing, edge milling, milling, lime stabilization, asphalt overlaying, and paving the following streets during the month of April: Poplar Street, Maple Street, Agarita Street, and Mesquite Street. This work will be in progress April 14, 2014 to approximately May 16, 2014 between the hours of 7:00 a.m. and 7:00 p.m., Monday – Friday.

No road closures are anticipated; however, alternate lane closures will occur during this period and traffic through these areas should anticipate lower speeds with the possibility of delay through the work zone. Access for residents, postal service, and emergency services will be possible at all times with only minor delays.

Door hangers will be distributed to those directly affected by these projects with detailed information as we approach each street. The schedule for the remaining streets in the 2014 program will be released in the near future. This will be the fifth summer of paving made possible by the Kerrville City Council. In 2009, City Council expanded the Street

Division with additional equipment and resources providing the ability to rehabilitate and maintain our infrastructure with city staff, saving valuable tax dollars.

For additional information contact Ashlea Boyle, Special Projects Manager at 830.258.1153 via e-mail to ashlea.boyle@kerrilletx.gov or visit the city's website at www.kerrilletx.gov.
