City Donates Recycling Equipment to Kerr County

Kerrville, Texas (October 2, 2015) – On August 25, 2015, the Kerrville City Council authorized the donation of the City’s recycling trailer to Kerr County. With the coordination of Councilmember Fine and Commissioner Reeves, the deal was sealed and the trailer was delivered on September 30, 2015. The trailer, which has compartments for various recyclables, was originally obtained through a grant from the Alamo Area Council of Governments (AACOG) in 2001 and was no longer being utilized.

The trailer had been previously used for various recycling initiatives throughout the community. It was used as a pilot program for the community of Hunt, and for several river cleanups conducted by the Upper Guadalupe River Authority (UGRA). City staff has been able to coordinate with Republic Services to provide recycling dumpsters in order to continue the recycling efforts for the UGRA cleanups. “I’m glad that the equipment is staying in Kerr County, and Commissioner Reeves has plans to utilize it,” stated Stephen Fine, Kerrville City

Councilmember. “This is another example of a great partnership between the City and County.”
