### **Urban Wildlife Workshop – “Living with Wildlife Neighbors”**

**Kerrville, Texas (October 23, 2015)** – The Texas Parks and Wildlife Department, the City of Kerrville, and the Upper Guadalupe River Authority (UGRA) will be holding a workshop to discuss the interaction between people and wildlife in Kerrville. The workshop, *“Living with Wildlife Neighbors”*, will be open to anyone interested in hearing experts discuss how humans should cohabitate with the different species of wildlife that live in our city and backyards. The sessions will be tailored to neighborhood associations and individuals that are interested in managing wildlife and the appropriate practices that will ensure a healthy, natural relationship.

Individual sessions of approximately 20 minutes each will be dedicated to best management practices related to deer, feral hogs, waterfowl, bats, and other animals. Additionally, agencies will have information tables and staff available to answer any detailed questions citizens may have about how to deal with wildlife where they live.

The workshop will held at the UGRA Auditorium, 125 Lehmann Dr., Suite 100 on Tuesday, November 10<sup>th</sup> beginning at 5:30 p.m. The workshop is free and there is no advanced registration required.
