

Kerrville Parks & Recreation Department Commemorative Tree Program

The City of Kerrville Parks and Recreation Department offers you a special way to honor a loved one and enhance the beauty of our community by placing a commemorative tree in the city parks system.

Donors are responsible for tree purchase. Price varies depending on tree type and size. Trees selected will be no less than 3" caliber (diameter) to ensure the best chance for survival. For a list of approved trees and sizes, contact the Parks and Recreation Department or visit www.kerrvilletx.gov.

The donor and the City will cooperatively select a tree from a reputable source. The City will deliver / arrange to have delivered the tree from suppliers in / near Kerrville to the planting location, and will install and maintain the tree. **Trees will only be planted in the fall or spring, depending on the proper planting time for the variety of tree selected.** Specific locations for tree placement within the parks system may be requested, however, final locations are subject to approval based on need. Final tree placement can take anywhere from 2-4 weeks to be completed. Please return the form below to the Parks and Recreation Department office.

Order Form

Name: _____ E-mail: _____

Address: _____ Preferred location: _____

Phone Number: _____ Preferred Tree Variety: _____
