Temporary road closure for Francisco Lemos Street

Kerrville, Texas (Sept. 30, 2020) – The City of Kerrville would like to make residents aware of an upcoming road closure to occur on Francisco Lemos Street between Main Street and Schreiner Street. Beginning Oct. 5, 2020, the section of Francisco Lemos Street will be closed due to street construction pursuant to the 2019 Bond Streets Reconstruction project.

This is a full road closure and there will be no through traffic. The construction is part of the first phase in association with the 2019 Bond Streets Reconstruction project, which was funded as part of a \$10.5 million bond issuance for street and drainage improvements authorized by the Kerrville City Council in August 2019. Francisco Lemos Street construction is estimated to take approximately four to five weeks, with additional streets to follow. As mentioned earlier, the section of Francisco Lemos Street between Main Street and Schreiner Street will be a full road closure and there will be no through traffic throughout the duration of the construction. An alternate route will be provided during this time and will be signed accordingly. Local businesses on Francisco Lemos Street will have designated routes to ensure access to these locations.

The City of Kerrville would like to thank citizens in advance for their cooperation and attentiveness to lane closures and traffic restrictions during this time.
