Temporary road closure planned on Stephanie Drive and Lois Street

Kerrville, Texas (Oct. 9, 2020) – The City of Kerrville would like to make residents aware of an upcoming road closure to occur on Stephanie Drive between Susan Drive and Lois Street. In addition, Lois Street will be closed from Candice Drive to east of Erin Drive, as indicated on the map. Beginning Oct. 13, 2020, these sections of Stephanie Drive and Lois Street will be closed for thru traffic due to street construction pursuant to the 2019 Bond Streets Reconstruction project.

The construction is part of the first streets package in association with the 2019 Bond Streets Reconstruction project, which was funded as part of a \$10.5 million bond issuance for street and drainage improvements authorized by the Kerrville City Council in August 2019. Construction is estimated to take approximately one week, with additional streets to follow. As mentioned earlier, these sections of Stephanie Drive and Lois Street will be closed for thru traffic each day due to street construction. In addition to the closure, parking on these sections will not be allowed throughout the duration of the project. Accommodations will be made for local residences, postal service, and emergency services as needed.

An alternate route will be provided during this time and will be signed accordingly. This section of the project is expected to last until approximately Oct. 20, 2020.

The City of Kerrville would like to thank citizens in advance for their cooperation and attentiveness to lane closures and traffic restrictions during this time.
