Temporary road and lane closures planned for several streets

Kerrville, Texas (June 7, 2021) – The City of Kerrville would like to make residents aware of upcoming road and lane closures to occur on the following:

- Cottage Street (between Lewis Avenue and Lincoln Avenue)
- Hillside Drive (between East Lane junctures)
- Wallace Street (between West Schreiner Street and Blanks Street)
- West Barnett Street (from west end to Webster Avenue)
- McFarland Drive (between Paschal Avenue and Clay Street)
- Remschel Avenue (between Myrta Street and Holdsworth Drive)
- Barnett Street (between Hays Street and Lamar Street but excluding Sidney Baker Street)

Minor activities such as locating existing utilities have begun in these areas and will result in alternating closures during major street reconstruction, which is pursuant to the 2019 Bond Streets Reconstruction project.

Accommodations will be made for local residences, emergency services, and solid waste services as needed. Alternate routes will be provided with proper signage during closures.

The construction launches the second street reconstruction event in association with the 2019 Bond Streets Reconstruction project, which was funded as part of a \$10.5 million bond issuance for street and drainage improvements authorized by the Kerrville City Council in August 2019.

The construction is estimated to continue through October 2021. The City of Kerrville would like to thank citizens in advance for their cooperation and attentiveness to closures and traffic restrictions during this time. Future press releases will be issued to provide status updates.
