Kerrville Aviation
FBO
1875 Airport Loop
Kerrville, TX 78028
P: 830 – 257 – 8840

Thank you for considering the **Kerrville-Kerr County Airport (ERV)** to support your travel plans and activities for the upcoming solar eclipse events on October 14, 2023 and April 8, 2024. We are excited about the opportunity to serve you and the broader aviation community!

We are anticipating significant interest in our local community and an increase in aircraft operations at ERV for both of these events. We expect a reservation system will be adopted for each event and that a Prior Permission Required (PPR) type NOTAM will be issued in advance of each event to obtain access to the airport.

Important Information and Resources Available for your trip

- Kerrville Aviation will be coordinating the handling, parking and refueling of aircraft on the field and is expected to have a limited number of rental cars available. Given the anticipated volume of aircraft, self-serve fueling may be limited or closed during these times and crews may experience extended wait times for fuel. You can obtain current information on all FBO related services by contacting Kerrville Aviation at (830) 257-8840.
- No camping or overnight lodging will be available on Airport property.
- Information on local area activities events is available from the Kerrville Convention & Visitor Bureau: <https://www.kerrvilletexascvb.com/> and City of Kerrville Eclipse: kerrvilletx.gov
- Additional information is available on the [KERV Website](#) you can also follow us on [Facebook](#) for airport, event, and other updates.
- If you provided us your email information, we will provide you additional information via email prior to each event.

Thank you again for completing our event questionnaire. Your submission helps us gauge the overall level of interest and attendance for these events, but does not guarantee a reservation or access to the airport at this time.
